The impact of the coronavirus (COVID-19) is being felt by all. Effective Monday 3/23 we have made the decision that our lobbies will have limited access. As your community credit union we are taking steps to minimize the risks.

This is for both the health and financial safety of our members and employees, while working to continue to provide the best service possible.

We will have a personal concierge service available at each lobby door to determine if your member request can be accomplished through other means or if lobby access will be needed. When a member is granted access, social distancing of 6ft will be maintained, and you may see us using hand sanitizer and gloves during member facing transactions. We will be following expert guidance from the CDC and other authorities to promote social distancing and limit in-person contact until the coronavirus precautions are lifted. The message to you, our loyal members, is we are open for full service business just through different avenues.

We want to reassure you that we are here to help with you with your financial needs during these difficult times. We are here for you as we always have been. Your deposits are safe and federally insured. We're not going anywhere, because at its core, our credit union is not a building or a business, it's people unified for a common goal. We will continue to provide high-quality member service.
