Pardon Our Dust!

As we shared in our summer newsletter, our Harvard Branch is preparing for some changes! This month renovations will begin on the property east of the building as we work to build a new Drive-Through ATM. This option will reduce traffic in the Harvard Branch parking lot as it will replace the ATM currently outside the branch. While construction on that property is underway there may be some dust and noise outside, but the branch will be unaffected and will continue to serve our members.

Great news! You will now receive more of your credit union notices online.

Cascade Community Credit Union's eStatements & Notices program provides a more timely and secure delivery of important account information. eNotices are a great way to receive notices about your account directly by getting a message sent to your email.

If you are already signed up for eStatements you will automatically begin receiving these notices. If you would like to sign up for eStatements or eNotices contact us today.

CCCU Member's Night at the Festival of Lights

Join us December 17th for free admission to this magical winter wonderland when you show your CCCU card at the entrance. If you do not currently have a debit or credit card, you can now pick them up at your local branch during business hours.
